

Imagine Environmental Charter School MINI-GRANT APPLICATION FOR PCO FUNDS - 2009

The Parent Community Organization has established a fund for ECS faculty, administration, staff, parents and community members to cover the costs of special school projects including but not limited to equipment, training, and supplies. Requests for funds are limited to \$250, but "mini-grants" are anticipated to be in the \$100 range. If your project exceeds \$250, please feel free to contact the PCO Executive Committee (parents@ecspco.org) to inquire about organizing a fundraiser to fulfill your specific need.

Please fill out the following form to have your request considered by the PCO. Turn this application in to the PCO in one of the following ways:

1. Fill it out on your computer and email it to parents@ecspco.org
2. Print it and send it to the school office in an envelope marked "PCO MINI-GRANT APPLICATION"

The PCO Executive Committee will examine each application and make decisions monthly.

Please include a brief description of your project. Explain how it would benefit the school, its students, or the community in general. Please specify how many students will benefit from your project. Include a brief, informal budget for any goods or services necessary to implement your program or complete the project. If necessary, please attach additional sheets:
